NEW YORK STOCKS A LITLE HIGH-ER DESPITE CASH SITUATION.

Close of Bond Redemption Period Finds Only a Half of the Total Offered-Heavy Local Business.

At New York yesterday money on call closed easier at 3@7 per cent.; last loan, 3

per cent.; ruling rate, 7 per cent. Prime mercantile paper, 51/2@6 per cent. Sterling exchange was steady, with actual business in bankers' bills at \$4.85%@4.86 for demand and \$4.80%@4.81 for sixty days; posted rates, \$4.821/2 and \$4.87; commercial bills, \$4.80@4.801/2.

per ounce. Prices of New York stocks were, on the whole, well sustained yesterday, in spite of some factors making for reaction. Chief of Osceola these was the continued hardness of the Parrot money market, the further slump in Leather and the movement to take profits in the trunk line stocks, which have advanced so aggressively for some time past. This profit-taking movement was the nearest to official confirmation that could be had of the numerous published reports and rumors of a consolidation of control of the great trunk lines. Those favored with advance information of such a project would naturally be sellers when the news became public property and brought in outside buyers. A good Homestake 6,500 portion of yesterday's outside buyers, Iron Silver thus invited, operated by cable orders from | Mexican London. Americans shared in the general strength in that market on account of reports of British military successes against | Quicksilver the Boers. London buying was also at- Quicksilver pref tracted by the publication of the currency reform measure to be pushed by the dominant party at the coming session of Congress. This buying for London account was the mainstay of the market, and the spotty strength displayed here and there by individual stocks, many of them obscure, kept the market firm in face of the uneasiness over the money outlook. To-day's holiday also prompted some closing up of short accounts. While London's buying was the main sustaining factor, the further hardening in the London money rate and fears of an advance in the Bank of England rate to-day discouraged operations for the long account. The demand for money kept the rate at 7 per cent. and above until it had been mostly satisfied, when it fell below 4 per cent. in the late dealings, and the stock market hardened in response. The subtreasury's disbursements on account of bond redemptions were considerably below \$2,000,000, and the treasury statement from Washington showed the day's revenue receipts nearly \$1,700,000 in excess of expenditures. As yesterday was the last day for which the Treasury Department's offer to redeem bonds holds good, the total disbursements for redemption are but little over half the amount of the total offered. The feeling is general in Wall street, however, that the period of the offer will be extended and a safety valve against pres-

exceptional cases. The bond market was quiet and prices showed some improvement as the day promany even discounting their bills. Total sales at par value were \$1,935,000. United States threes advanced 4c

TUESDAY'S BULGE IN GRAIN SUC-CEEDED BY A WEAK PERIOD.

Foreign News Took the Life Out of Wheat and Good Weather Frightened Corn-Oats and Provisions.

CHICAGO, Nov. 29 .- Wheat, with the exception of a momentary bulge, was weak to-day, influenced by the depression of Liverpool and a poor demand, closing 1/2%c under yesterday. Corn closed a shade to 16c down, oats unchanged and provisions

The break in Liverpool, despite the strength developed here yesterday, was the prime factor in the local market at the opening. As traders had looked for a rallying influence in cables, the wheat taken in vesterday was disposed of early. May opened 14@3sc lower at 70%c, and December off a like fraction at 65@65%c. Buying against puts, together with purchases made on the strength of light Northwest receipts, caused a rally from the opening, May touching 701/4c and December 66c. This advantage was lost however, as the cash and export demands were poor. The market became heavy and May closed 1/20%c down at 69%c, and December %@%c off at 6514@65%c. As to-morrow is a holiday, this was the last day for December as a future, and much trading was done to even up and in preparation for delivery day. The difference between May and December narrowed to 44c early, but was 44/24%c at the close. December deliveries are expected to be heavy before the end of the month. New York reported twenty loads taken for export. Clearances were 520,000 bushels. Primary points received \$26,000 bushels, compared with 1,380,000 a year ago. Local receipts were sixty-seven cars, twelve of contract grade. Minneapolis and Duluth reported 520 cars, against 634 last week and 1.534 the corresponding day last year. ber liquidation apparently about completed. December offerings. Prices were up one time 4c, helped by small Western offerings, light local receipts-171 cars-and some wet weather, with early predicitions of more. The advance was all lost, however, the wet weather prognostication failing of fulfillment, being replaced by another for clear weather in the corn belt, and the cash demand being poor. The market was dull Clearances were 595,000 bushels. Primary receipts were 373,000 bushels, against 1,380, 000 last year. May ranged from 32%c to 32%c, closing a shade down at 3254c; Decembr sold from 30% to 31%c, closing %c down at 30%c.

Oats were steady on early sympathy with corn and advanced a trifle. This was lost. The market was mainly a changing one, commission men selling December and taking May. Local receipts were 134 cars. Trade was dull. May ranged from 23%@24c to 241/20241/4c, closing unchanged at 24c. December closed at 22%c. Provisions were barely steady, prices of

just a shade on heavy hog receipts and lower prices for the same. May pork sold from \$9.521/2 to \$9.571/2@9.60, closing 21/2c under yesterday at \$9.55; May lard from \$5.27\\(\) to \$5.30\(\alpha 5.32\\\ \), closing a shade down at \$5.30, and May ribs from \$5.05\(\alpha 5.07\\\ \) to \$5.10. closing 21/2@5c lower at \$5.05@5.071/2. The market was very dull. Estimated receipts to-morrow: Wheat, 50 cars; corn, 237 cars; oats, 137 cars; hogs,

Wool.

BOSTON, Nov. 29.-The American Wool and Cotton Reporter will say to-morrow: There is no abatement in the excitement previously noted in the wool market. If anything, it is more intensified. There is a scarcity of domestic wool facing the members of the trade and manufacturers, and there is quite a scrambling among the former to secure the desirable lots that remain. Many local houses are entirely out of wool and are compelled to go into the open market again and again in order to meet the requirements of their business Many manufacturers are beginning to real ize also that they are none too heavily stocked, and they are ready purchasers of wool when it is offered to them at anything like a reasonable price. The foreign markets are as excited and strong as they are here, and the London sales opened on Tuesday of this week at an advance of 15 per cent. all around, with only 106,000 bales available, and active competition. The sales of the week in Boston amounted to 13,413,000 ibs domestic and 502,000 foreign, making a total of 13,915,000 lbs, against a total of 13,-743,000 for the previous week, and a total of 3,339,500 for the corresponding week last year. Sales since Jan. 1, 1899, amount to 327,982,576 lbs, against 121,959,510 lbs last year

at this time. Metals. NEW YORK, Nov. 29.-The market was uninteresting in the main. CATTLE A TRIFLE STRONGER, THE RESULT OF A SMALL SUPPLY.

Hogs Fairly Active at Irregular But Generally Lower Prices-Condition of Other Markets.

UNION STOCKYARDS, INDIANAPOLIS. Nov. 29 .- Cattle-Receipts, 300; shipments, 100. The receipts of cattle continue small, the total so far this week being fully 1,000 fewer than the same time last week and the corresponding time a year ago. All buyers were in the market, and, probably on account of the small supply, the offerings changed hands promptly at rather stronger prices than yesterday, but by most dealers the improvement is not considered permanent. There were no selected grades represented, but a few steers were good enough to bring \$6. Transactions at the Interstate Yards. INTERSTATE STOCKYARDS, INDIAN-APOLIS, Ind., Nov. 29.—Cattle—Receipts, 90; shipments, 20. Receipts continue very light here as well as in other markets, which has caused a slight reaction in prices. The quality of cattle is very ordinary, there not being any good enough to be classed above common butcher grades. Were there any good export or fancy butcher grades offered, the markets would show an advance of 10c to 20c per hundred over last week's prices. The common grades are strong, but do not show as much improvement as others. The

outlook is rather favorable for the remainder of the week. Quotations: Good to prime steers, 1,350 lbs and Pair to medium seeding steers..... 3.75@ 4.25 Common to good stockers...... 3.00@ 4.00 Butchers' cattle we quote:

Hogs-Receipts, 1,960; shipments 1,810. Receipts of hogs are rather light for the time of year, but with extremely low prices prevailing in other markets, it was impossible to obtain an advance here. On the contrary, the market opened weak at a decline of about 21/2c. There was a good demand for hogs of any weight or kind, fancy heavy, mixed packing, good light pigs, or heavy roughs, but owing to the meagre supply the demand was not satisfied. The closing steady. Quotations:
